DETAILED ACTION

Election/Restrictions

The application has been amended as follows:

Claims 4-6,8-17,19-21 and 24-25 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 22 and 23, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 10/20/05 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

Claims 4-6,8-17,19-25 allowed.

The following is an examiner's statement of reasons for allowance: With respect to independent claims 4,10 and 22 there is simply no evidence in the prior art teaching a heat sink which comprises a body portion adapted to thermally couple to a semiconductor integrated circuit; a mounting portion disposed on the body portion, the mounting portion adapted to removably couple with an open slot formed in an edge of a mounting member, the mounting member attachable to or part of the chassis of an electronic equipment apparatus, a resilient mounting assembly removably disposed on the mounting portion and a retaining mechanism to hold the mounting member in place, the retaining mechanism removably coupled to the mounting portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
